GROUP 350

The Hon. Commissioner of Patents
and Trademarks
Washington, DC 20231

Sir:

Responsive to the Official Action dated December 2,
1988, kindly enter the following Amendment and remarks.

IN THE CLAIMS:

Kindly amend the claims as follows:

1. ~~11.~~ (Twice Amended) A relatively flexible coextruded plastic tube for slidably receiving and providing a protective housing for a cable [having a permanently lubricated inner surface], said tube consisting essentially of a pair of telescopically related inner and outer cylindrical portions, said inner portion being formed [form] from a highly lubricous polymeric material to provide a permanently lubricated inner surface for the tube which has a low coefficient of friction to enable substantially low friction placement of the cable therewithin and said outer portion being formed from a high
